

MY MISSION

To build better applications and business relationships through effective communication and relentless commitment. I am a Full Stack Developer with a customer relations background. I believe that a visually stunning interface will attract clients, but a fully functional application will drive business and the retention of clients. I am dedicated to partnering with clients and a team to build highly functional and beautiful interfaces and websites

EDUCATION

FULL STACK WEB DEVELOPMENT • 2018 • UNIVERSITY OF MINNESOTA

- HTML, CSS, Bootstrap & Materialize
- Responsive Mobile Design
- JQuery, JavaScript, ES5 & ES6, React.js & Java
- Firebase, MySQL, MongoDB
- Node.js, Express, AJAX & RESTful API
- Version Control: Git

EXPERIENCE

SWAPIGANS • UNIVERSITY OF MINNESOTA GROUP PROJECT • 07/01/2016-07/15/2018

Responsibilities:

- Project Manager
- MySQL+Sequelize
- Ajax
- JQuery

[Swapigans](#) is a group project developed by myself and three other students over a two-week period. The application allows users to swap items between themselves after adding their user information and items into the application.

The application failed to be fully developed I have started a project branching from this called [SwapMee+Up](#) which will have a new user interface as well as user authentication text, email and chat abilities when fully developed.

SKILLS

- Proficient in Word, Excel, Aloha, Menulink, Sicom Systems, Quickstation/Quick Serve, Enterprise reporting, Power Point, Photoshop, and Outlook, Linux POS.
- Effective problem solver and critical thinker. Self starter. I work well with a team, leading a team, without a team and without direct supervision.

TRAVEL WITH DONNA • UNIVERSITY OF MINNESOTA GROUP PROJECT • 05/01/2016-05/15/2018

Responsibilities:

- API(Flickr)
- AJAX
- GIT assistance/ management
- JQuery
- Assisted with Bootstrap/ CSS & HTML

[Travel with Donna](#) is project developed by myself and three other students over a two week period. The application allows users to search locations around the world and will show the user current pictures from Twitter and Flickr as well as up to date weather, and information on the location.

There is also an option for users that are indecisive to do Donna's quiz the virtual travel agent will suggest a location based on their responses.

IT SPECIALIST • PEOPLENET • 07/15/2016-CURRENT

STORE MANAGER • OFFICE DEPOT • 07/01/2016-07/13/2018

- Store Manager for Office Max location in Savage, MN with annual sales of 3 million.
- YTD comp sales 5.6% over LY, due to spending time marketing to local businesses and building relationships in surrounding area.
- CSAT 91% YTD surpassing company standard of 70% prior CSAT to my arrival was mid 60's to 70's. Attribute this to increasing team awareness on making every sale and saying "yes" to customer needs.
- Store finished 3/15 in store rankings within district end of 2017.
- YTD shrink .01% vs budgeted .03% of sales, attributed to training and follow up on LP systems, providing excellent customer service and attentiveness of team.

DISTRICT MANAGER • BURGER KING • 01/01/2012-07/01/2016
